

NIPPO CORPORATION

Nippo Corporation is a company based in Kyoto, Japan, a place well known for its splendid history and tradition. We were incorporated as a private limited company in March 2000. Since that time we have established business relations with several exclusive Japanese department stores. Our company is also proud to have Toyota, NSK, and Otis among its clients as well as numerous organizations and individual customers from all over Japan.

In recent years we have been successful in introducing a variety of products to the Japanese market. In particular, traditional handicraft products from Europe, such as hand-made glass Christmas ornaments, candles, fairy lamps and hand-painted greeting cards have attracted a lot of interest. These products were marketed in major chains of Japanese exclusive department stores (Takashimaya, Mitsukoshi, and Daimaru). In addition to the ornaments with European design, we also offer our original Japanese collection with a unique oriental touch which has enjoyed popularity among the Japanese consumers.

In addition to the artistic handicraft products we have also dealt in the demanding Japanese market with a variety of other merchandise, including hard-disk mp3 players, sound cards and amplifiers from Germany and Video-CD recorders from Singapore.

Expanding our operations to new markets we would like to offer you our quality products that have already been very well received in Japan. Nippo Corporation will be pleased to establish firm and fruitful business relation with your company.
